

MaaT Pharma is a clinical-stage biotechnology company and industry leader in microbiome therapies in oncology, leveraging our whole ecosystem approach to develop biotherapies to treat serious diseases. We are implementing an innovative new medical approach focused on the gut microbiota as a source of drug candidates, leveraging our drug development expertise, our gutprint® computational biology platform and our biomanufacturing capabilities. Our pipeline consists of several drug candidates, the first of which is now in Phase 3 clinical testing.

We are driven by our pioneering spirit and are the first microbiome-derived drug development company listed in continental Europe, with an IPO on Euronext Paris in November 2021. We have a humanistic approach to our entrepreneurial adventure. Every recruitment is an opportunity to consolidate our rich and diverse human capital, which now exceeds more than 60 people.

Based in Lyon (69007), we are looking for a:

Assistant Clinical Project Leader (M/F) Internship

Position open to people with disabilities

Job Description

By joining MaaT Pharma, you will have the opportunity to participate in the development and production of solutions at the cutting edge of pharmaceutical innovation. Your role will be to participate in the deployment and follow-up of the various clinical studies underway at MaaT Pharma.

The position is available as soon as possible for a period of 4 to 6 months.

Main responsibilities

Reporting directly to the Director of Clinical Operations, your main responsibilities will be :

- Participate in the drafting of study documents (protocols, CRF, ICF, clinical study reports, etc.);
- Participate in the preparation of regulatory dossiers according to the country of study;
- Participate in the set-up, follow-up and quality control of study files;
- Participate in project follow-up meetings with CROs and MaaT Pharma teams;
- Participate in the collection, analysis and presentation of clinical data, ensuring accuracy and integrity;
- Participate in the follow-up and management of compliance issues, regulatory audits and inspections;
- Participate in the drafting of clinical presentation materials for conferences and professional meetings;
- Support the Clinical Project Managers.

This position is central to our activities, supporting the development of our drug candidates, and offers the chance to engage with a demanding yet exciting industry.

Qualifications and Experience

- 4 years of higher education in progress, training to become a Clinical Research Associate, Clinical Project Manager and/or with a scientific background (biology, chemistry, pharmacy);
- Knowledge of the regulatory environment for clinical trials;
- Ability to work independently in a team;
- Interest in the biotechnology sector, and more specifically in the field of microbiota; Excellent oral and written English skills

You are an excellent communicator, flexible, dynamic, proactive, rigorous, and a team player—all qualities essential for this exciting opportunity.

Working at MaaT Pharma means joining a friendly, stimulating environment filled with challenges, within a passionate team, offering opportunities to develop your skills and grow.

If you are motivated about joining a dynamic and a human-sized team in an entrepreneurial and innovative environment, we would love to hear from you. Apply now by sending your resume and cover letter to careers@maat-pharma.com.
